Tysons Service Corporation
3168 Spring Street
Fairfax, VA 22031

To Tysons Service Corporation:

I visited the Brooke site today to review the demolition final product. I just want to say that your firm did an outstanding job with the entire process, start to finish. Everything looks great for our project, and it was clear throughout that you knew exactly how to handle the necessary work.

Thank you for all of your efforts and great work. I am happy to refer you for other VRE projects or to other contractors that may need demolition services. Thanks!

Sincerely,

Heather Diez, P.E.
Project Manager
